

OUR VALUE PROPOSITION

***CARING FOR YOUR STAFF'S HEALTH SO
THEY CAN TAKE CARE OF YOUR BUSINESS.***

YOUR STAFF IS YOUR BUSINESS AND THEIR HEALTH IS OURS.

Investing in their health and well being is an investment in your business.

Preventative health provides biometric screening and wellness consults that provide specific information and guidance to help the individual to grow into a greater measure of health.

OUR VALUE IS YOUR BENEFIT

- » Our services are a low cost to your insurance.
- » **Ease of access** (on-site and in-house clinics, face to face and video conference consultations available.)
- » **Dedicated** client service team.
- » We have an all employee staff, for our clinics and operations, **nothing is outsourced.**
- » We always bill at a **Clinic Rate**, hospital rates are often 4x higher.
- » We review all participant labs and provide **follow-up recommendations based on the results.**
- » All our educational materials are sent to the participant **based on their specific results.**
- » Our services are our core. We do not offer our services for **referral income.**
- » We work in coordination with the **participants Personal Care Provider** and value the importance for our participants to maintain that relationship.
- » All our labs and vitals are very **comprehensive.** Our Nurse Practitioners can order additional labs if they are medically necessary. **We don't just hand off our participants to someone else.**
- » We offer a Corporate Aggregate Data Report with **comparison reporting.**
- » Our Nurse Practitioners will always **follow up on lab results through a consultation**, not a letter.
- » Yearly you will receive **trending and historical patient lab results for comparison.**
